HAVANA BLOCKADED

President Has Issued Proclamation That United States Will Maintain Blockade of Cuban Ports.

WILL CALL FOR 100,000 MEN

Volunteer Army Bill Passed by Both Houses—Call for Volunteers Will Be Issued Tomorrow—President Will Force the Issue.

Washington, April 22.—The state department is preparing a proclamation announcing a blockade of the Havana harbor. A note to the powers is in preparation defining our attitude as to privateering and the commercial phases of the war. The war department will issue the call for volunteers as soon as the volunteer army bill is a law.

The cabinet meeting today lasted from 11 to 1 o'clock. The proclamation to the world that this government will establish and effectively maintain a blockade of the port of Havana, occupied considerable time. The proclamation substantially as prepared by the attorney general, was signed and will be promulgated.

The president has issued the blockade proclamation. It announces a blockade of all ports on the north coast of Cuba and the port of Cienfuegos on the south coast.

Issue Will Be Forced.
The embargo resolutions passed by congress were finally approved by the president, have been signed and are now law. They will be put into effect immediately. They will effectively prevent the landing at any Cuban or other Spanish ports of coal or other contraband articles. The president considers war on and will force the issue.

Captain Sampson An Admiral.
Captain Sampson will be nominated a rear admiral. After the war closes he will drop back to the old rank. This step is taken to insure Captain Sampson's command as ranking officer.

Secretary Long said this afternoon that Captain Sampson has been appointed "acting rear admiral." It is supposed he will be named later as "rear admiral."

Secretary Long has laid down a hard and fast rule forbidding any information concerning fleet movements.

No Declaration of War.
Representative Crout, (Vt.), after a conference with Secretary Alger, says the administration will not recommend a declaration of war.

New Commissary General.
The president today sent the nomination to the senate of Colonel William H. Nash, assistant commissary general of subsistence, to be commissary general of subsistence with the rank of brigadier general.

Nothing Heard of Spanish Fleet.
Up to noon nothing had been received by the government indicating the Spanish fleet had left the Cape Verde Islands.

Volunteer Army Bill Gone to President.
The conferees of the two houses on the volunteer army bill reached an agreement before congress convened today. The senate recedes from the amendment concerning the time in which the organized militia shall serve, but the time for which all volunteers are to be enlisted is reduced from three years to two. The Warren amendment, authorizing the president to organize independent troops was retained, but the number was limited to 3,000. The senate receded from the amendment making it compulsory for regiment and company militia officers to receive their commissions from the governors of their respective states, and leaving it optional as fixed by the house. The senate also receded from the amendment attaching an engineer officer to the staff of each brigade commander. All the other senate amendments, reducing the rank of staff officers, etc., were agreed to.

At 12.17 p. m. the house adopted the conference report on the volunteer army bill. The senate has also agreed to the report and the bill has gone to the president.

Secretary Alger took the proclamation calling for volunteers to the White house for the president's signature, when he went to the cabinet meeting. The call will be for 100,000 men to serve a year.

It was stated at the White house that the proclamation calling for 100,000 men will not be issued until tomorrow. Secretary Porter would not say whether the bill had yet been signed or not.

Adjourned Out of Respect to Senator Walthall.
The senate today promptly went into an executive session on the motion of Mr. Cockrell of Missouri. At the close of the session an adjournment was taken out of respect to Senator Walthall.

The Spanish police attempted to capture a member of the United States legation, but the attempt was frustrated by General Woodford. At Valladolid, the United States minister's train was attacked and stoned. The windows were broken and the civil guards were compelled to protect his carriage with drawn swords. General Woodford spent throughout the disturbance. The Spanish police made a determined attempt to capture Mr. Moreno, General Woodford's secretary, but General Woodford stood in the doorway of the carriage, declaring he should not be removed by force. The police accompanied the train from Tolosa to San Sebastian, where they left it on seeing that the general was determined to maintain his rights. General Woodford told the Spanish officers that Moreno was a naturalized citizen of Great Britain, but they claimed he was a Spaniard.

Two Letters to Mrs. Pinkham.

Mrs. JOHN WILLIAMS, Englishtown, N. J., writes:
"DEAR MRS. PINKHAM:—I cannot begin to tell you how I suffered before taking your remedies. I was so weak that I could hardly walk across the floor without falling. I had womb trouble and such a bearing-down feeling; also suffered with my back and limbs, pain in womb, inflammation of the bladder, piles and indigestion. Before I had taken one bottle of Lydia E. Pinkham's Vegetable Compound I felt a great deal better, and after taking two and one-half bottles and half a box of your Liver Pills I was cured. If more would take your medicine they would not have to suffer so much."

Mrs. JOSEPH PETERSOX, 513 East St., Warren, Pa., writes:
"DEAR MRS. PINKHAM:—I have suffered with womb trouble over fifteen years. I had inflammation, enlargement and displacement of the womb. I had the backache constantly, also headache, and was so dizzy. I had heart trouble, it seemed as though my heart was in my throat at times choking me. I could not walk around and I could not lie down, for then my heart would beat so fast I would feel as though I was smothering. I had to sit up in bed nights in order to breathe. I was so weak I could not do anything."

"I have now taken several bottles of Lydia E. Pinkham's Vegetable Compound, and used three packages of Sanative Wash, and can say I am perfectly cured. I do not think I could have lived long if Mrs. Pinkham's medicine had not helped me."
